Das Mietgut wird nur für den vereinbarten Zweck und die vereinbarte Zeit zur Verfügung gestellt.

Für Schäden und Verluste am Mietgut haftet der Mieter, auch wenn diese durch Dritte verursacht werden. Die Haftung beginnt mit der Anlieferung am Stand und endet mit der Rückgabe oder der Abholung durch den Vermieter, auch wenn der Mieter den Stand schon vorher verlassen hat.

Das Wandmaterial in der Ausführung „Messegänge, untapeziert“ darf durch den Aussteller oder durch ihn beauftragte Firmen mit Stoff bespannt oder tapeziert werden. Hierbei ist unbedingt zu beachten, dass der verwendete Leim ein einwandfreies Entfernen der Tapete durch den Aussteller oder durch ihn beauftragte Firmen zum Veranstaltungsende gewährleistet. Das Wandmaterial darf untapeziert nicht gestrichen oder beklebt werden. Es darf nicht benagelt werden. Beschädigtes Wandmaterial wird dem Standinhaber zum Anschaffungspreis in Rechnung gestellt. Nicht einwandfrei gereinigte Wände werden von uns mit EUR 1.50 (pro qm Sichtfläche) Reinigungsgebühr berechnet.

Das Wandmaterial in der Ausführung „Systemwandelemente“ und „weiß beschichtete Wandelemente“ darf durch den Aussteller oder durch ihn beauftragte Firmen nur mit den Hilfsmitteln Tesafilm oder Powerstrip beklebt werden. Es ist nicht erlaubt, an diesem Wandmaterial Nägel oder Klebeband zum Befestigen zu verwenden. Beschädigtes Wandmaterial wird dem Standinhaber zum Anschaffungspreis in Rechnung gestellt.

Es wird empfohlen, das Mietgut für die Dauer der Veranstaltung gegen Diebstahl zu versichern.

Nicht zurückgegebenes Mietgut wird im Anschaffungspreis in Rechnung gestellt.

Transportkosten sind in der Miete enthalten, sofern die Lieferung zu von uns ständig beschickten Messeplätzen erfolgt. Bei Lieferung zu

anderen Plätzen muss ein Transportaufschlag berechnet werden. Eine Transportkosten-Vergütung für Selbstabholer ist ausgeschlossen.

Die Auslieferung aller Aufträge ohne Terminangabe erfolgt so rechtzeitig zum Messestand, dass das Mietgut zum Beginn der Veranstaltung zur Verfügung steht.

Vorbestelltes und reserviertes Mietgut, das nicht abgenommen wird, muss dem Besteller voll in Rechnung gestellt werden. Ist eine anderweitige Vernietung noch möglich, so trägt der Auftraggeber die entstandenen Kosten für den An- und Abtransport sowie den möglichen Mietausfall.

Der Vermieter behält sich im Falle höherer Gewalt vor, dem Mieter anstelle der bestellten Mietobjekte gleichwertige oder bessere Ersatzstücke zu liefern. Ansprüche können aus derartigen Ersatzlieferungen nicht geltend gemacht werden.

Die Bestellungen müssen 14 Tage vor Ausstellungsbeginn vorliegen. Später eingehende Bestellungen können nur unter Vorbehalt ausgeliefert werden. Bei Eingang der Bestellung nach der 2. Woche vor Ausstellungsbeginn berechnen wir 20% Aufschlag

Die Rechnung ist umgehend zu prüfen. Reklamationen sind noch während des Messebetriebes uns gegenüber zu äußern, damit uns die Gelegenheit zur Abhilfe gewährt wird bzw. damit eine ordnungsgemäße Prüfung der Reklamation vor Ort durch uns erfolgen kann. Die Miete wird zum Aufbaubeginn fällig. Sie ist spätestens nach Rechnungserhalt ohne Abzug zu entrichten.

Erfüllungsort und Gerichtsstand ist Blomberg.

Rented material is only supplied for the agreed time and purpose.

The tenant is responsible for any damage or loss of rented objects even if they were damaged by another party. Conditions apply after delivery to the booth and end with return to or collections from the supplier even if the tenant has left the site early.

Wall materials named „wall, not wallpapered“ may be wallpapered or covered in fabric by the exhibitor or subcontractors as long as it is assured that all wallpapers can be and will be removed free from residue by the end of the fair through the exhibitor or a subcontractor. It is not permitted to paint or stick something on wall material which is not wallpapered. No nails or screws are to be inserted into walls. Damaged wall material will be invoiced at its purchase price. A cleaning fee will be issued for all walls that are returned unclean. The fee is EURO 1,50 per qm visible surface.

Wall materials named „system wall element“ and „wall element melamine white“ may be covered by the exhibitor or a subcontractor with the help of cello tape or powerstrips. No use of nails or screws or other adhesive tape is permitted. Damaged wall material will be invoiced at its purchase price.

It is recommended to insure rented goods against theft for the time of the exhibition.

Rented goods which are not returned will be invoiced at their purchase price.

Transport costs are included in the rental charge if goods are transported to frequently visited fairs. An extra charge will be invoiced for transports to other locations. No price reductions for self pick up can be granted.

Deliveries for agreements without specific dates will be supplied in time for the fair beginning.

Pre ordered or reserved rental goods which the tenant has not taken up will be invoiced at full rental price. If those goods can be rented out otherwise, the tenant has to cover all transport costs and potential loss of rent.

The supplier reserves the option to deliver alternative goods of the same quality in case of force majeure beyond control. No claims can be made for replacement deliveries.

All orders need to be made 14 days prior to exhibition begin. Orders after that deadline can only be accepted with reservations and will be calculated with an extra 20% charge.

The invoice is to be reviewed immediately. Complaints and returns have to be discussed with the supplier while the exhibition is running in order to allow us to restore and replace goods there and then. Charges have to be paid when assembly starts. They have to be paid after receiving the invoice at latest. Foreign exhibitors are requested to pay in EURO prior to exhibition start.

Place of execution and competent court in Blomberg, Germany.
