# UNITI expo 2024 unveils the new Future Mobility Lounge

## A themed stand for alternative fuels

No topic keeps our industry as busy as the transition to alternative fuels. To provide access to the most innovative solutions, **UNITI expo** is transforming its Alternative Fuels Pavilion into the Future Mobility Lounge. European and international trade visitors will be able to explore the latest concepts and products regarding hydrogen, charging, LPG, LNG, CNG, biofuels and e-fuels.

Innovation drivers, associations and manufacturers will present ideas

across 1,000 sqm of exhibition space. The Future Mobility Lounge will also host exciting discussions as well as presentations of successful case studies.

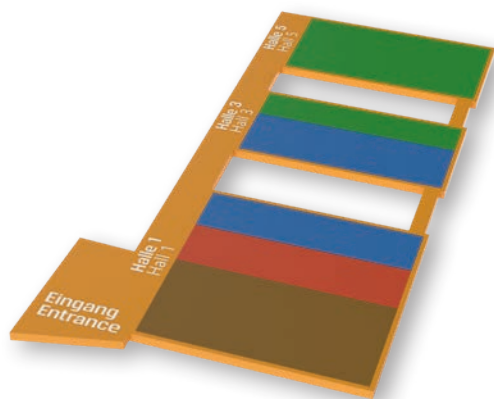

A coffee lounge and a spacious seating area will invite participants to exchange ideas. The Future Mobility Lounge is located on the gallery of Hall 1 on the way to Hall 3.

The forum integrated into the Future Mobility Lounge is the stage for exciting discussions and fascinating presentations.

## Themed areas

The exhibition area comprises three halls with a total of 40,000 sqm divided into four themed areas:

- Technology, payment & logistics
- Car wash & car care
- Oil companies & fuel retailers
- Shop & convenience

The clear structure ensures every visitor can pursue interests in a targeted manner.

## How to become part of the Future Mobility Lounge

### Keep it simple

As your main booth or as a secondary location, participating in the Future Mobility Lounge is very simple. Choose from one of the presentation packages, set up your exhibit, and you are on your way!

All presentation packages include:

- Carpeting
- Power connection
- Listing in the exhibitor directory
- Name with logo on all hall plans

### Your presentation space does not have to be manned

Unlike a normal exhibition stand, your presentation area at the Future Mobility Lounge does not have to be permanently manned. There will be trained staff at the welcome desk of the lounge who will take inquiries from visitors

during your absence and contact you if necessary. This gives you freedom to walk around the trade fair, attend educational sessions, and have meetings away from your booth.
