# Welcome

to **UNITI expo 2026**! We are delighted that you have chosen to be an exhibitor at our trade fair or will be registering with us in the near future.

This exhibitors' guide contains all the key information you will need as you make your preparations. Just click on the links provided to find further details and forms relating to individual topics. If you are unable to find an answer to a specific question, please get in touch with us directly (See [page 42: 11.2. Exhibitor contact](#)).

We hope that your preparations run smoothly and we wish you every success at **UNITI expo**!

Your **UNITI expo** team

As at March 26, 2026

Subject to change. Find the latest version [here](#).

## UNITI expo at a glance

In May 2024, **UNITI expo** celebrated its fifth edition with over 18,000 participants from 110 countries and 470 renowned exhibitors from 37 countries. The complete program, the compact three-day format and the biennial scheduling are tailored to the needs of the **UNITI expo** target group.

**UNITI expo 2026** addresses every facet of the service station and car wash sector on 45,000 sqm of exhibition space. To facilitate an overview of the comprehensive range of products on offer, the exhibition area is divided into four themed areas: Technology, payment & logistics, Car wash & car care, Oil companies & fuel retailers and Shop & convenience.

The **UNITI expo** concept also takes into account the transition to alternative fuels - for example by the themed pavilion Future Mobility Lounge. On about 2,000 sqm, innovators, stakeholders, and manufacturers showcase their know-how

about e-mobility, hydrogen, LPG, LNG, CNG, bio-fuels, and e-fuels.

In addition to the exhibition itself **UNITI expo 2026** also offers a well-rounded series of seminars free of charge. Integrated directly within the exhibition halls, the themed forums with product presentations and seminars are within easy reach. The programme will be available on the **UNITI expo** website in the run up to the trade fair.

On the first evening of the trade fair, a networking party will be held for exhibitors, their teams and their guests.

The GenussGARTEN and further food courts invite all attendees to enjoy a unique culinary experience - completely free of charge. Exhibitors receive VIP access and can take their customers to the GenussGARTEN and enjoy à la carte service.

If you are not yet registered as an exhibitor, you should familiarise yourself with the exhibition conditions and make a decision to register as soon as possible as spaces are limited and registration forms will be processed on a first come, first served basis. Further information and registration forms are available at: [www.unity-expo.com](http://www.unity-expo.com).

**UNITI expo** is an out-and-out trade fair. As a consequence, it provides a unique opportunity to exchange ideas with experts and participate in project discussions at the highest level. Trade visitors can register online for **UNITI expo 2026** free of charge and print out their exhibitor badges prior to the start of the trade fair. Exhibitors can invite as many business partners, customers and potential customers as they wish free of charge, the only requirement is that they must be trade visitors.

Please see our [terms and conditions](#), as well as the [Technical Guidelines](#) of Landesmesse Stuttgart GmbH.

# Fairground map

## UNITI expo 2026 products & services

### Hall 1

-  Oil companies & fuel retailers
-  Car wash & car care
-  Payment & automation
-  Transport & logistics
-  Lubricants & additives
-  Shop & convenience
-  Services & media
-  Alternative fuels

### Hall 3

-  Car wash & car care
-  Forecourt equipment & construction
-  Payment & automation
-  Services & media
-  Alternative fuels

### Hall 5

-  Forecourt equipment & construction
-  Payment & automation
-  Transport & logistics
-  Services & media
-  Alternative fuels

# 1. Overview portals

## 1.1. **UNITI expo** exhibitor portal & Stuttgart Messe Service Portal

After your registration as an exhibitor at **UNITI expo**, you will receive two separate registration credentials:

1. The **UNITI expo** exhibitor portal enables you to create your entry in the exhibitor directory, upload your press releases, generate trade visitor ticket codes for your guests and much more.
2. Use the Stuttgart Messe Service-Portal to book all the services offered by Landesmesse Stuttgart and its service partners. This portal provides, for example, services in relation to stand construction, stand connections, stand cleaning and catering.

Please note that the registration data for the Stuttgart Messe Service Portal is different from that of the **UNITI expo** exhibitor portal! You can find out which portal will help you in which cases in this table.

### **UNITI expo** exhibitor portal

- Editing your exhibitor directory entry
- Registration of your stand personnel & download badges
- Booking of tickets for the networking party
- Generate trade visitor ticket codes
- Book additional advertising services
- Exhibitor info archive
- Upload your press releases
- Upload your exhibitor news

### **Stuttgart Messe Service Portal**

- Electricity, water, waste water, compressed air, internet supply, etc.
- Stand construction packages & accessories, partition walls
- Equipment such as furniture, media technology, plants, floor coverings, refrigeration units
- Services such as cleaning, waste disposal, staff, hostesses
- Permits of all kinds
- Ceiling suspensions
- Logistics
- Catering
- Parking passes

## 2. Opening times

### 2.1. Trade fair

Admission free for registered trade visitors with visitor badge.  
(For registration information see [page 40: 10. Ticketing](#))

Admission free for exhibitors with valid exhibitor badge.

### 2.2. *UNITI expo* networking party

The **UNITI expo** networking party is an event on the first evening of the fair. It includes delicious street food and a fun entertainment program.

The networking party takes place at the Atrium in the East Entrance of the fair, on 19 May 2026 from 18.00. Access is limited to exhibitors and exhibitor guests with admission tickets.

(See [page 41: 10.4. Tickets for the UNITI expo networking party](#))

# 3. Registration and order deadlines

## 3.1. Stand registration

Stand registration forms will be processed on a first come, first serve basis. Registration of stands and co-exhibitors after the official registration deadline may result in restrictions to specific **UNITI expo** services.

- › For an even stronger presence at **UNITI expo** you can book additional advertising services in the **UNITI expo** exhibitor portal.

## 3.2. Services provided by Landesmesse Stuttgart

Please place all orders for electricity, water, stand cleaning, internet, ceiling suspensions, parking tickets and advertising services of the Landesmesse Stuttgart etc. as soon as possible via the **Stuttgart Messe Service Portal**. The deadlines for ordering all services of Landesmesse Stuttgart and its service partners can also be found in the **Stuttgart Messe Service Portal**. For more information about services, see [page 11: 4. Information and services \(in alphabetical order\)](#).

## 3.3. Stand construction permit

Stand construction permits are awarded by Landesmesse Stuttgart. For information on permit requirements, see [page 25: 5.21. Stand construction permit](#).

### Stand registration

Official registration deadline 11 May 2026

### Stand registration form

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Becoming an exhibitor

### Order deadlines

[www.stuttgartmesseserviceportal.de](http://www.stuttgartmesseserviceportal.de) [**UNITI expo 2026**]

› Dates & deadlines

You will receive the login data in autumn 2025 directly from the Landesmesse Stuttgart. For any questions or problems, please contact them directly: [sms@messe-stuttgart.de](mailto:sms@messe-stuttgart.de)

### Stand construction permit

[www.stuttgartmesseserviceportal.de](http://www.stuttgartmesseserviceportal.de) [**UNITI expo 2026**]

› Stand construction & Service › Permits

› Stand construction permit

You will receive the login data in autumn 2025 directly from the Landesmesse Stuttgart. For any questions or problems, please contact them directly: [sms@messe-stuttgart.de](mailto:sms@messe-stuttgart.de)

Submission deadline 14 May 2026

After this deadline, stand construction approvals can only be verified in exceptional cases and with a longer processing time.

### 3.4. Exhibitor directory

Your entry in the online exhibitor directory can be created and updated online via the exhibitor portal up until **UNITI expo**. As the directory will only be published online, there is no editorial deadline.

#### Exhibitor portal

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Exhibitor portal

### 3.5. *UNITI expo* networking party

You can purchase tickets for the networking party via the **UNITI expo exhibitor portal**. Belated registration for the networking party is subject to individual enquiry. (See [page 40: 10. Ticketing](#)) The tickets can be picked up at the exhibitor counter in the Entrance East on **18 May 2026**.

#### Exhibitor portal

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Exhibitor portal

#### Registration deadline

8 May 2026

### 3.6. Press materials

All press releases will be combined in one digital **UNITI expo** press kit, which will be sent to editors and members of the press. You can upload your press release in up to 3 languages free of charge via the **UNITI expo** exhibitor portal by **17 May 2026** at the latest.

Should you have booked the press kit as an individual service, we also provide your own digital press kit to editors and press. In this case, please send us your own press kit by e-mail to [uniti-expo@com-a-tec.de](mailto:uniti-expo@com-a-tec.de) by **17 May 2026** at the latest. More information about the press kit and all individual services can be found on [page 37: 9.3. Additional advertising services](#).

#### Press releases

via the exhibitor portal until 17 May 2026 at the latest

#### Exhibitor portal

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Exhibitor portal

## 4. Information and services (in alphabetical order)

Orders of services such as electricity, water, Wi-Fi, stand construction, etc. of Landesmesse Stuttgart and its service partners are available online via the [Stuttgart Messe Service Portal](#). Information on the services and prices are available from **autumn 2025** on. In order to book services, you need your own login data, which allows you to place the orders. You will receive them by **autumn 2025** or at the latest 4 weeks after your registration. Invoicing for the services used will be carried out directly by the Landesmesse Stuttgart.

Please observe the aforementioned order deadlines. Late orders could incur considerable extra costs.

### 4.1. Co-exhibitors

As an exhibitor, you are required to register your co-exhibitors. A fee of € 490,00 plus VAT is charged per co-exhibitor. This fee includes a basic entry in the online exhibitor directory.

### 4.2. GEMA / music playback

In accordance with the provisions of the Federal Copyright Act (copyright law), the permission of GEMA is required for any form of music playback. Undeclared playback of GEMA-protected music may result in claims for damages from GEMA.

Conceivably, GEMA inspectors may visit the trade fair and take action against exhibitors using unauthorised music playback at their stands.

#### Co-exhibitor registration form

› Exhibitors › Info & Downloads

#### Exhibition conditions of UNITI Services GmbH

Item 6.5

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Info & Downloads

#### Application for music playback permit

[www.stuttgartmesseserviceportal.de](http://www.stuttgartmesseserviceportal.de) [*UNITI expo 2026*]

› Stand construction & Service › Permits

› GEMA permit

You will receive the login data in autumn 2025 directly from the Landesmesse Stuttgart. For any questions or problems, please contact them directly: [sms@messe-stuttgart.de](mailto:sms@messe-stuttgart.de)

#### Instructions on GEMA permit

[www.stuttgartmesseserviceportal.de](http://www.stuttgartmesseserviceportal.de) [*UNITI expo 2026*]

› Downloads

#### 4.3. Hall lighting

General lighting in the halls is at least 300 lux. We recommend you use additional lamps to create the ideal lighting conditions for your stand. For stand lighting partner companies, see [page 43: 11.5. Exhibition stand construction companies](#) and [11.6. Event technology](#).

#### 4.4. Liability and exhibition insurance

Exhibitors are strongly advised to take out a liability insurance policy that covers liability claims from third parties.

Exhibitors are also recommended to take out an exhibition policy that insures their stands and exhibits for the official duration of the trade fair and also during set-up and dismantling (including transportation of exhibits).

#### 4.5. Noise levels

For the benefit of all exhibitors and visitors, the noise levels generated by demonstrations, music, shows and audiovisual presentations must be limited in such a way they do not disturb others and normal volume conversations can be held at neighbouring stands (about 75 dBA at 3 m distance from the stand). In case of non-compliance, the organiser is entitled to prohibit the activity and, if necessary, close the stand.

Exhibition conditions of UNITI Services GmbH  
Item 20.1

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Info & Downloads

#### 4.6. Photography / video

The production of commercial visual recordings of any kind, in particular photography and filming/videotaping, is prohibited throughout the exhibition area. Only press, photographers and film crews accredited by UNITI Services GmbH are authorised to produce such material.

Filming and photographing of exhibitors is permitted within the confines of their own stands and exhibits.

#### 4.8. Receptacles for rubbish, recyclable materials and non-recyclable waste

Stand receptacles for recyclable materials and non-recyclable waste must have closed lids and must be made of non-combustible materials. Exhibitors are responsible for disposing any rubbish or non-recyclable waste that is created during set-up and dismantling. Suitable receptacles can be ordered via the [Stuttgart Messe Service-Portal](#).

##### Order form for rubbish and non-recyclable waste

› Downloads

##### Exhibition conditions of UNITI Services GmbH

Item 6.8

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Info & Downloads

#### 4.9. Smoking ban

Smoking is prohibited throughout the exhibition grounds. Smoking is only permitted in designated outdoor areas.

Due to the state non-smoker protection law and the house rules of Landesmesse Stuttgart, there will be a separate area for suppliers of vape products at **UNITI expo 2026**. **Exclusively in this area**, special permission has been granted for testing e-cigarettes and e-liquids. These may be **tried out to a limited extent**, exclusively at the stands with such products in their portfolio. There must be no excessive consumption that could affect surrounding exhibitors. The smoking ban also applies to e-cigarettes in the aisles, other exhibition stands, in the entrance area and on the rest of the fairgrounds.

#### 4.10. Stand catering

Catering services at Landesmesse Stuttgart are provided by Aramark.

You can hire a caterer of your choice to carry out catering on your own stand. (See also [page 44: 11.7. Catering](#))

#### 4.11. Stand cleaning

A range of different stand cleaning services can be booked prior to and during the course of the trade fair.

##### Catering Aramark

#### 4.12. Stand parties

If you wish to host a party at your stand outside of the trade fair opening hours on **19 or 20 May 2026**, this needs to be registered and is subject to a fee. Please note that on 21 May, on the last evening of **UNITI expo**, no parties are allowed.

##### Application for stand party permit

[www.stuttgartmesseserviceportal.de](http://www.stuttgartmesseserviceportal.de) [UNITI expo 2026]  
 > Stand construction & Service > Permits > Stand party permit

You will receive the login data in autumn 2025 directly from the Landesmesse Stuttgart. For any questions or problems, please contact them directly: [sms@messe-stuttgart.de](mailto:sms@messe-stuttgart.de)

#### 4.13. Stand security

Stand security can be booked for the entire duration of the trade fair, as well as during set-up and dismantling through the Landesmesse Stuttgart.

##### Application for stand security

[www.stuttgartmesseserviceportal.de](http://www.stuttgartmesseserviceportal.de) [UNITI expo 2026]  
 > Stand construction & Service > Stand services  
 > Personnel > Stand security

You will receive the login data in autumn 2025 directly from the Landesmesse Stuttgart. For any questions or problems, please contact them directly: [sms@messe-stuttgart.de](mailto:sms@messe-stuttgart.de)

#### 4.14. Trade fair hostesses

If you need additional staff during the fair, you can hire trade fair hostesses via the [Stuttgart Messe Service-Portal](http://www.stuttgartmesse-serviceportal.de).

##### Order form for trade fair hostesses

[www.stuttgartmesseserviceportal.de](http://www.stuttgartmesseserviceportal.de) [UNITI expo 2026]  
 > Stand construction & Service > Stand services  
 > Personnel > Trade fair hostesses

You will receive the login data in autumn 2025 directly from the Landesmesse Stuttgart. For any questions or problems, please contact them directly: [sms@messe-stuttgart.de](mailto:sms@messe-stuttgart.de)

##### Information on trade fair hostesses & staff for stand set-up

[www.stuttgartmesseserviceportal.de](http://www.stuttgartmesseserviceportal.de) [UNITI expo 2026]  
 > Downloads

#### 4.15. Free of charge WiFi inside the halls

**UNITI expo** offers its visitors and exhibitors free open WiFi access inside the halls for checking emails, social media and using the digital visitor portal. The network called **UNITI expo visitor** comes with a 5 GHz connection and offers each user **1 GB per day** free of charge.

##### How to login:

- › Connect to the WiFi
- › Use your web browser to open a unencrypted website (e.g. [www.unity-expo.com](http://www.unity-expo.com)).
- › Accept the terms and conditions on the following landing page and click 'connect'.

However, if you need a stable high-speed internet connection to present your exhibits or carry out administrative tasks, we strongly recommend you to order the installation of a private internet access.

(See [page 22: 5.13. Internet / WiFi / communication installations](#))

Please note that you must register your own wireless network (WiFi) at the Landesmesse Stuttgart.

## 5. Stand construction (in alphabetic order)

The following section is a summary of key information and issues pertaining to the construction of your stand. In addition, we ask you to comply with all provisions in the UNITI Services GmbH exhibition terms and conditions and the [Technical guidelines](#) of Landesmesse Stuttgart.

If you do not have your own stand construction, you will find various stand construction packages and equipment, as well as individual solutions on [page 27: 6. Stand packages](#).

Please place orders for services provided by Landesmesse Stuttgart and its service partners online via the [Stuttgart Messe Service-Portal](#). You will receive the commensurate login data, that enables you to order services. Invoices are issued directly by Landesmesse Stuttgart.

Please observe the aforementioned order deadlines. Late orders could incur considerable extra costs. (See [page 9: 3.2. Services provided by Landesmesse Stuttgart](#))

### 5.1. Barrier-free construction

Please ensure that there is barrier-free access to your stand. Your stands and facilities should be accessible and usable by visitors with limited mobility without the need for assistance.

### 5.2. Balloons

Inside the premises of Landesmesse Stuttgart you are only allowed to fill balloons with air or safety gas. They must all be approved by the Landesmesse Stuttgart. A safe fixing for the stand area is required.

The distribution of advertising balloons to customers is not permitted as they could fly to the ceiling due to the air inside.

- › Downloads

### 5.4. Boundaries facing the aisle

So as not to compromise the appeal of adjacent stands, no more than 50 % of the open side of a stand is permitted to be 'closed off' by walls.

Walls that are at least 1 m from the stand boundary, have a height not exceeding 1.2 m or are transparent are exempt from this rule.

#### Exhibition conditions of UNITI Services GmbH Item 13.3

[www.uniti-expo.com](http://www.uniti-expo.com)

- › Exhibitors › Info & Downloads

### 5.5. Boundaries to neighbouring stands

Your stand must have fixed partition walls. Roll-ups and poster displays may not be used as boundaries.

If necessary, you can order suitable stand partition walls via the [Stuttgart Messe Service-Portal](#).

#### Order form for stand partition walls

You will receive the login data in autumn 2025 directly from the Landesmesse Stuttgart. For any questions or problems, please contact them directly: [sms@messe-stuttgart.de](mailto:sms@messe-stuttgart.de)

## 5.6. Ceiling suspensions

Ceiling suspensions are possible in all the halls except under the gallery in Hall 1. The maximum load is 100 kg per suspension point. Suspension points may only be obtained from and modified by service partners of Landesmesse Stuttgart.

Due to the special roof construction spanning the halls and the movements that are possible as a result, please note that the distance between objects suspended from the ceiling and those standing on the floor must at least be 50 cm.

## 5.7. Compressed air

Compressed air connections may only be installed by Landesmesse Stuttgart or its service partners.

Due to operational safety reasons, the use of own compressors is not allowed (as well as the use of small- and auxiliary compressors).

Exceptions subject to approval have to be registered with the responsible service partner of Landesmesse Stuttgart 6 weeks before the fair begins.

If the compressors are firmly installed in the exhibit, you have to inform [technik@messe-stuttgart.de](mailto:technik@messe-stuttgart.de). A registration through the form is not necessary.

Compressed air is supplied via the utility channels indicated in the hall maps (see [page 26: 5.23. Utility channels inside halls](#)).

### Maximum height of the upper edge of ceiling suspensions

8.90 m

## 5.8. Construction heights and distance to neighbouring stands

The following guidelines must be met:

- › The maximum construction height at **UNITI expo** is 6.0 m. The upper edge of the ceiling suspension may reach a maximum height of 8.90 m.
- › The height of the stand boundary to neighbouring stands must be at least 2.50 m.
- › Stand boundaries towards neighbouring stands over 2.50 m must be neutral (white or gray). For non-neutral walls over 2.50 m, a neighbouring zone of 1.0 m must be maintained.
- › A stand construction permit is required for stand heights exceeding 3.50 m. (see [page 25: 5.21. Stand construction permit](#)) from Landesmesse

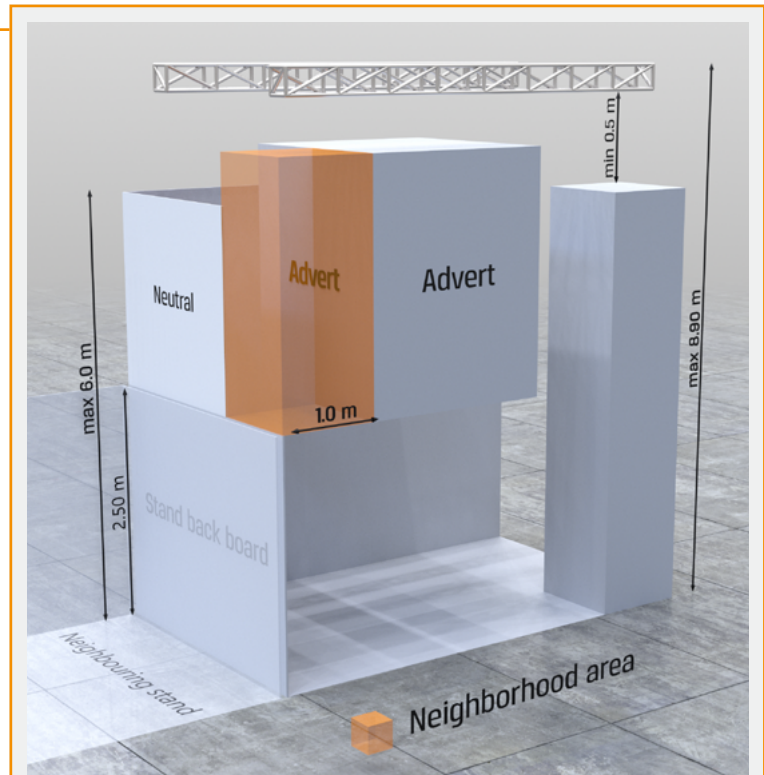

Only single-deck construction is allowed. For category XL stands in Hall 1, double-deck construction is possible. Restrictions on construction heights exist in:

There are construction height limitations in:

- › Hall 1. Those areas in front of air outlets and below staircases
- › Hall 3. Those areas in front of air outlets and in the entrance
- › Hall 5. Those areas in front of air outlets, in the entrance area and below the staircase

Please refer to the detailed hall plan for the exact height restrictions at your stand location.

Due to the special roof construction spanning the halls and the resulting possible movements, please note that the distance between objects suspended from the ceiling and those standing on the floor must be at least 50 cm.

› Exhibitors › Info & Downloads

## 5.9. Electrical installations

Electrical connections are not included in your stand registration and must be booked via the Stuttgart Messe Service Portal. Electrical connections may only be installed by Landesmesse Stuttgart or its service partners.

One main outlet is required for each stand. The outlets are equipped with approved safety fuses and electric meters in accordance with the regulations. The entire stand installation must be capable of being switched off via a main switch.

Electricity is supplied via the utility channels indicated in the hall maps (see [page 26: 5.23. Utility channels inside halls](#)).

### Voltage on exhibition grounds

AC 230 V (+6 %/ -10 %) / 50 Hz

DC 3 x 400 V (+6 %/ -10 %) / 50 Hz

### 5.13. Internet / WiFi / communication installations

**UNITI expo** provides free, open WiFi for its visitors and exhibitors in all halls.

However, if you need a stable high-speed internet connection to present your exhibits or carry out administrative tasks, we strongly recommend you to order the installation of private internet access.

Communication installations may only be undertaken by Landesmesse Stuttgart or its service partners.

Please note that you must register your own wireless network (WiFi) at the Landesmesse Stuttgart.

Connections are installed via the service ducts indicated in the hall maps. (see [page 26: 5.23. Utility channels inside halls](#)).

**5.14. Noise generated by machinery**

If noise generated by machinery or other appliances exceeds 75 dBA (measured at 3 m distance from the stand), this must be remedied by means of a soundproof booth. (See [page 12: 4.5. Noise levels](#)) In general, the following rule applies: normal volume conversations can be held at neighbouring stands.

**5.15. Open-air spaces**

Permissible construction and operating heights in open-air spaces are determined exclusively on a case-by-case basis. The terms and conditions of Landesmesse Stuttgart apply.

**5.16. Pyrotechnics**

Pyrotechnic demonstrations require approval and must be coordinated with the Landesmesse Stuttgart.

**5.17. Set-up and dismantling times**

Please note the regular set-up and dismantling times shown in the following table (on the back).

It is essential that you book a desired time slot for your entrance to the exhibition grounds and the loading yards during the regular set-up and dismantling times. This is done via the VisiFair logistics tool of Messe Stuttgart. (See [page 29: 7.2. VisiFair logistics tool of Messe Stuttgart](#))

If extended set-up and dismantling times are required, they can be booked in the periods displayed subject to a daily charge via the [Stuttgart Messe Service-Portal](#).

Hall aisles must be cleared by no later than 6 pm on the last set-up day. Stands that are not occupied by 6 pm on the last set-up day will be closed subject to a charge.

› Stand construction permit

You will receive the login data in autumn 2025 directly from the Landesmesse Stuttgart. For any questions or problems, please contact them directly: [sms@messe-stuttgart.de](mailto:sms@messe-stuttgart.de)

### 5.22. Stand roofing

To avoid impairing protection afforded by the sprinkler system, the respectively current fire protection provisions on stand roofing stipulated in the [Technical guidelines of Landesmesse Stuttgart](#) are to be observed.

#### Technical guidelines of Landesmesse Stuttgart Item 4.4.2

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Info & Downloads

### 5.23. Utility channels inside halls

Hall maps with utility channels for electricity, water, waste water, compressed air and communication channels can be found on the **UNITI expo** website beforehand. You will also receive them with your stand confirmation by e-mail.

#### Hall maps with utility channels

You will receive it together with your booth confirmation or download it at:

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Info & Downloads

### 5.24. Vehicle exhibits

Special regulations apply to the exhibition of motor vehicles in the hall, which are required for fire protection and environmental reasons. Please observe the **Information Sheet on the exhibition of motor vehicles** by Landesmesse Stuttgart. This contains a **form** that must be **completed, signed** and brought along as confirmation presented at the entrance.

Vehicles with combustion engines may only be exhibited in the hall if the fuel tank is virtually **empty** (fuel light is on) and locked.

When exhibiting electric vehicles, charging in the hall is only permitted **outside visitor opening hours**.

# 6. Stand packages

## 6.1. Modular branded stand packages from von Hagen GmbH

These high-quality and branded modular stand packages were specially designed for **UNITI expo** and provide the framework for the optimised and cost-efficient presentation of your products and company. Thanks to their customisable printed walls, stands can be adapted to your brand and distinctive look.

The "turnkey" stand concept means that you don't have to worry about setting up, dismantling or furnishing your stand. All you have to do is set up the products/exhibits delivered directly to the stand, lay out the advertising materials and you're ready to go.

A distinctive aspect of the branded modular stand package is that despite the modest cost, you maintain a high degree of flexibility: additional furnishings and facilities can be booked and even customised adjustments and extensions can be planned directly with the stand builder.

The illustrated examples can be easily adapted for corner, linear and island stands from 6 sqm to 120 sqm stands.

Stand and key handover will take place at your stand on **Monday, 18 May 2026 from 9:00**. The exact handover time can be agreed either in advance or directly on site with your contact from von Hagen GmbH. An earlier handover can be arranged upon request.

The stands must be completely vacated **by 21:00 on Thursday, 21 May 2026** (last day of the trade fair).

## 7. Logistics

Directions and parking spaces for exhibitors, stand builders and visitors can be found here: [page 33: 7.9. Access map for loading/unloading](#).

### 7.1. Clearance height

The clearance height of the gates is approx. 4.4 m.

### 7.2. VisiFair logistics tool of Messe Stuttgart

You have to use the VisiFair online platform to book a desired time slot in advance for your entry to the exhibition grounds and the loading yards. Instead of an entry deposit, loading and unloading slots must now be booked in advance by paying a fee. There is an exact time and location allocation here. Access to the parking lots in front of the halls must also be booked. This is free of charge during set-up and dismantling and valid for the entire day. After booking, you will receive your entry ticket in both cases, which must be presented on site in digital or printed form.

**Important:** During early set-up and extended dismantling, access is not regulated via VisiFair. You will receive your access authorization with your booking confirmation for early set-up and extended dismantling.

#### How do I book my loading and unloading slot?

The portal will be activated approximately 8 weeks before the start of setup, from mid-March 2026. All setup and dismantling times for the event as well as the available loading zones are stored on VisiFair. You will not receive automatic login data but must register with [VisiFair](#) in order to be able to select the correct event.

#### VisiFair

If you have any questions or suggestions regarding the use of [VisiFair](#), please call the **support hotline** at **+49 711 939 64382** or send an e-mail to [support@ms.visifair.com](mailto:support@ms.visifair.com)

In addition, trained staff will be on the exhibition grounds to support you on site. Further information can be found on the [Messe Stuttgart website](#).

First you need to select the required vehicle category, then the date and time. The system will then show you all available loading zones and time slots. Once you have made your booking, you will receive the entry ticket. All booking data is visible on this. It also contains the QR code required for entry and directions to the booked loading zone.

Please note that entry to the exhibition grounds is only possible with a valid entry ticket. In addition, the booked time slots will be monitored on site to ensure that everything runs smoothly.

### 7.3. Truck parking

There are truck parking places outside the exhibition grounds available for exhibitors and stand builders. For further information, please contact the guard or security personnel on site.

### 7.4. Refrigerated containers and refrigerated trucks in loading docks

For exhibitors, parking spaces are available in the loading yards of the halls. These can be reserved via the Stuttgart Messe Service-Portal.

If you require parking spaces for a longer period of time, please indicate this in the comments field of your order.

### 7.5. Transportation of exhibits

Landesmesse Stuttgart recommends its official forwarder, Schenker Deutschland AG, DB SCHENKERfairs, for the transportation of exhibits to and from **UNITI expo**. See [page 43: 11.4.3. Forwarding, lifting platforms, fork lift trucks](#)

All exhibits should be send to the forwarder carriage paid and free of any charges, and include the hall and stand number to ensure the transportation process runs smoothly.

Private vehicles are not permitted inside the halls.

#### Additional information and reservation

### 7.9. Access map for loading /unloading

**Access to the trade fair site**  
Follow the dynamic traffic guidance system.

**Easy access for trucks**  
Trucks can directly access the halls from the truck pool in the northern part of the trade fair site and reverse there for loading and unloading.

There is an undercrossing of the elevated sections of the trade fair site.

- Access to halls 1, 3 and 5
- UNITI expo
- occupied by other events
- Airport & Hotels
- Parking

# 8. Directions and accommodation

## 8.1. Arriving by car

Landesmesse Stuttgart is located directly near the "Flughafen / Messe" exit on the A8. Access to parking spaces will be controlled by a dynamic traffic and parking guidance system for the duration of the trade fair.

The exhibition grounds are located approx. 13 km from the centre of Stuttgart.

## 8.2. Parking

Landesmesse Stuttgart has an ample number of parking spaces in the immediate vicinity of the exhibition grounds.

Long-term parking permits for exhibitors in P31 and P32 can be ordered via the [Stuttgart Messe Service-Portal](#). These permits are valid for the entire duration of the trade fair (including the last set-up day and first day of dismantling).

### Address

Flughafenstrasse / Flughafen

### 8.3. Accommodation

As an exhibitor or visitor to **UNITI expo**, a regularly updated, reserved number of rooms is available to you via the **UNITI expo** online booking form presented by our partner Stuttgart-Marketing GmbH. The booking of selected partner hotels also includes free use of public transport.

If a larger block booking is required, please contact staff at Stuttgart-Marketing GmbH directly by phone or e-mail (reference: **UNITI expo**) for dedicated assistance. [page 44: 11.9. Hotel & Tourism](#)

We strongly recommend you to book rooms for your stand personnel as early as possible.

# 9. Marketing

## 9.1. Entry into the online exhibitor directory

The online exhibitor directory can be found on the website of **UNITI expo**, which is also suitable for use with mobile devices within the visitor portal. See [page 37: 9.2. Visitor portal](#)

**You are required to personally enter your details, create and publish your entry online on the UNITI expo exhibitor portal.**

Your stand booking will already include the following services:

- › Entry into the online exhibitor directory: With profile text in up to 3 languages, listing of various product categories, specific contact details, appearance with name, hall and stand number under each selected product category.
- › Inclusion of your press releases in the official **UNITI expo** press kit

You are responsible for ensuring that your entries are correct. The organiser reserves the right to not publish entries that are inaccurate, inappropriate, relate to competitors or are not legally compliant.

› Exhibitors › Exhibitor directory

## 9.2. Visitor portal

There is a digital visitor portal to make trade fair preparations and the on-site experience as convenient as possible for **UNITI expo** visitors.

This includes a digital interactive hall plan with a direct link to the online exhibitor directory. Among other things, it offers a memory function and enables direct contact requests. This increases the visibility and thus the success of exhibitors. The visitor portal is optimised for mobile devices and can also be used on Messe Stuttgart's touch screens on-site.

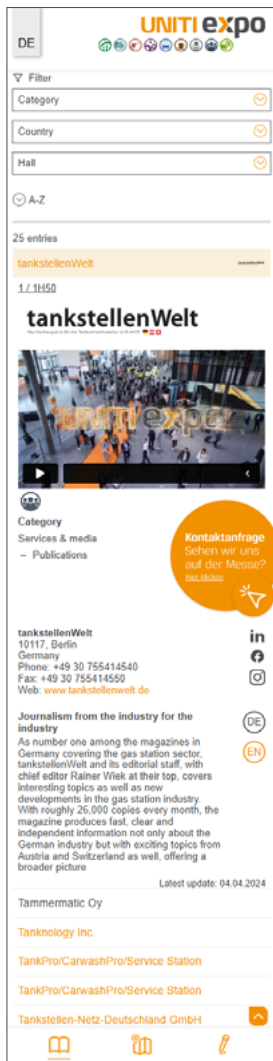

The visitor portal has replaced the print versions of the hall plan and the exhibitor directory. It provides numerous attractive online advertising opportunities for exhibitors. See [page 37: 9.3. Additional advertising services](#)

## 9.3. Additional advertising services

To ensure you communicate effectively with visitors and potential customers, we offer attractive individual advertising services:

Services	Individual prices
Premium entry in the exhibitor directory	○ 3,000.- €
Advanced entry in the exhibitor directory	○ 1,500.- €
Exclusive WiFi sponsorship	○ 10,000.- €
Pop-up Banner in numerous places on the <b>UNITI expo</b> website (few exclusive availabilities!)	○ 4,000.- €
Banner in the <b>UNITI expo</b> exhibitor directory	○ 1,500.- €
Logo on all <b>UNITI expo</b> hall plans	○ 1,000.- €
Your own digital press kit sent to all accredited press attendees	○ 500.- €
Space for your company's brochures in the public brochure display	○ 500.- €
All prices plus VAT	<b>Total</b>

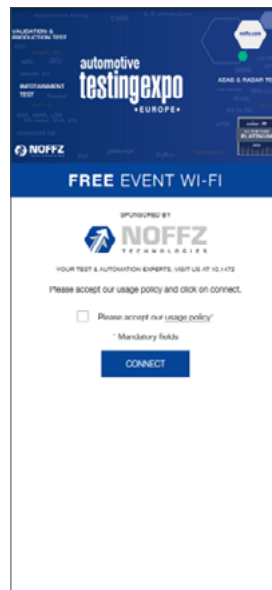

1. Premium listing in the exhibitor directory

2. Advanced listing in the exhibitor directory

3. Exclusive WiFi-Sponsoring

4. Pop-up banner on the website

5. Banner in the exhibitor directory

6. Logo on hall plans

7. Space for your own brochures

#### 9.4. Publisher of the exhibitor directory and a word of caution regarding fraudulent publishers

com-a-tec GmbH is the only official publisher of the **UNITI expo** exhibitor directory. Entries are published on the **UNITI expo** website only. As such, please exercise extreme caution if you, as an exhibitor, receive offers, requests for payment, invoices or similar forms from other publishers (e. g. EXPO GUIDE S.A.).

#### 9.5. Distribution of promotional materials on the exhibition grounds

The distribution of printed materials and use of promotional materials is only permitted on the exhibitor's own stand. Exceptions must be approved by the organiser.

Advertising and promotional activities outside the stand are only permitted through booking an activity offered at the exhibition grounds. This specifically includes the distribution of brochures.

#### 9.6. Sample distribution / direct sales

In keeping with the spirit of this exhibition, the free distribution of goods and samples is permitted at exhibitor stands.

However, the direct sale of goods is not permitted.

# 10. Ticketing

## 10.1. Badges for exhibitors and stand personnel

You can register your stand personnel and yourself through the **UNITI expo exhibitor portal** for exhibitor badges. Please note that a badge can only be created if the person is marked with the 'Stand personnel' tick box. These badges will be your ticket and name tag on site.

### Exhibitor portal

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Exhibitor portal

## 10.2. Tickets for trade visitors

Visitors can register free of charge in advance via the **UNITI expo** website and print out their visitor badge before the trade fair. The badge will be valid throughout all three days of the trade fair (19–21 May 2026).

Unregistered visitors must register at the registration counter at the Entrance East.

### Trade visitor registration:

The link will be available from the end of 2025

## 10.3. Guest tickets for your customers

As an exhibitor, you can invite as many business partners, customers or potential customers to the event as you wish, free of charge. The only prerequisite is that they qualify as trade visitors.

You can generate codes for complimentary tickets by visiting the **UNITI expo exhibitor portal**. Using these codes, your guests will be able to register directly online in advance and print their visitor badge prior to the trade fair. Moreover, the **UNITI expo exhibitor portal** will enable you to see at any time who has already used your codes to register.

### Exhibitor portal

[www.uniti-expo.com](http://www.uniti-expo.com)

› Exhibitors › Exhibitor portal

#### 10.4. Tickets for the *UNITI expo* networking party

A networking party with varied street food offerings and entertainment will take place on the first evening of **UNITI expo**. Depending on the size of your stand, a specific number of tickets to the networking party is included in your stand registration.

As an exhibitor, you can purchase additional tickets for your team and guests for the price of € 50 plus VAT via the **UNITI expo** exhibitor portal. The tickets can be picked up at the exhibitor counter in the Entrance East on 18 May 2026.

Stand size	Tickets inclusive
S from 9 sqm	2
M from 36 sqm	3
L from 60 sqm	4
XL from 100 sqm	5
