Intro

How it all started...

Market

Fans vs. Waschmuffel

Problem

We need a faster and easier way to get a wash done

From
16 steps

From 
Madness

to
4 steps

to 
Satisfaction

Step 1

We launched an app to give digital car washing a new home

International brand approach

Largest offer & database in the market

Unique inventory of best price deals

Live queue camera

Automatic license Plate recognition

Step 2

We digitize the car wash itself to get a connection

Insight

It became clear that there was even more potential in digitization

Demand

B2C App

B2B2C Partners

Superoperator

DIGITIZATION

Supply

Car Wash Operators

Step 3

UUNO will launch the first cross-network flat rate in the market

CROSS-NETWORK

Wash anywhere.

Wash as much as you want.

Pay monthly.

Cancel anytime.

No long-term contracts

Auto-renew each month

On-site autostart

One membership for each car

Step 4

All-in-one toolbox for operators of all size

- 1 Get your car wash stations digitized
- 2 Become part of our WashClub or even get your own app
- 3 Build you own digital offers such as flat rates, single washes and bundles
- 4 Make exceptional first wash offers and start loyalty programs
- 5 Get your core customers even closer and win new ones
- 6 Boost your car wash business substantially with Superoperator

Step 5

OEM and fleets need one API to connect to as many car washes as possible - this is what we are providing
